Your Excellency,

Marking the 7th year, the Zayed Future Energy Prize awarded 9 winners across 5 categories on January 19th, 2015, for their outstanding achievements and excellence in advancing renewable and sustainable energy worldwide.

Through the prize, we not only aim to reward demonstrated solutions that address the global challenges of climate change, but also to foster a community that encourages sustainable energy innovation among current and future generations.

We request your support for the 8th edition of the Zayed Future Energy Prize in 2016, to help us identify the individuals, large corporations, SMEs, NPOs and high schools within Turkey that you believe should be recognised for their contribution towards a sustainable environment.

For your information, we opened for nominations and submissions for the prize on Tuesday, January 20, 2015 and will close on **Monday, June 22, 2015**.

The 5 categories to which the Zayed Future Energy Prize is awarded to is as follows:

- Large Corporation (A recognition award)
- Small and Medium Sized Enterprise (SME) (US\$1.5 million)
- Non - Profit Organisation (NPO) (US\$1.5 million)
- Lifetime Achievement (US\$500,000)
- Global High Schools (US\$500,000 divided amongst 5 regions: the Americas, Europe, Asia, Africa and Oceania - with US\$100,000 awarded to one High School from each)

Kindly find attached a generic letter for you to send to those in your database, who you believe are relevant.

Should you have any questions regarding this process, please contact the prize directly at dyassin@masdar.ae or +971-2-653-6012.

We extend to you our sincerest gratitude and thank you in advance for your support.

Sincerely,

Dear,

The world is in need of innovative solutions and technologies to create a sustainable energy future. The Zayed Future Energy Prize recognises individuals, organisations, and schools who have contributed significantly to the fields of renewable energy and sustainability.

Launched by the UAE Government in 2008, the Zayed Future Energy Prize has a vision for a new energy future; a future in which the world has access to energy that is sustainable, accessible, and affordable and inspires the next generation of global energy innovators.

Over the past seven years, the Zayed Future Energy Prize has rewarded 39 innovators, awarded more than US\$22 million, and positively affected millions of lives in communities across the world.

On 19 January 2015, the Zayed Future Energy Prize awarded yet another esteemed group of winners in the following five categories:

- Large Corporation (A recognition award)
- Small and Medium Enterprise (SME) (US\$1.5 million)
- Non-Profit Organisation (NGO) (US\$1.5 million)
- Lifetime Achievement (US\$500,000)
- Global High Schools (US\$100,000 to one high school from each of five regions: Africa, the Americas, Asia, Europe, and Oceania)

With the above in mind, it is very important that we continue to find and recognise those who are leading development of future energy solutions for the 8th Edition of the Zayed Future Energy Prize in 2016.

Please visit the Zayed Future Energy Prize website at the following link to learn more: <http://www.zayedfutureenergyprize.com>

We invite you to submit your entry via our website or forward this letter to organisations, individuals, and high schools you believe can redefine the way we use energy. Alternatively, if you wish to nominate an individual for the Lifetime Achievement category, please feel free to do so. We will also welcome the contact details of organisations you believe we should approach.

Please note that we have opened for nominations and submissions to the 2016 Zayed Future Energy Prize:

Open for Submissions: 20 January 2015
Close for Submissions: 22 June 2015

If you have any questions regarding this process, please contact the Prize directly at dyassin@masdar.ae or +971-2-653-6012. We appreciate your support.

Yours Sincerely,
